## WAS BUSY WITH CRIMINAL CASES

Judge Sparks Disposed of Three,  
One of Them Being Dismissed  
For Lack of Prosecution

### URBAN WAGGONER IS FINED

Sentence Given Elmer Murphy For  
Entering House and Suspend-  
ed Pending Good Behavior

Criminal business occupied the  
attention of Judge Sparks this  
morning, three cases being disposed  
of, two resulting in convictions and  
the other in dismissal.

Elmer Murphy of Richland was  
arraigned and entered a plea of  
guilty to the charge of entering a  
house to commit a felony. Murphy  
was sentenced to from two to four-  
teen years at the state prison at  
Michigan City and the court then  
suspended the sentence pending  
good behavior.

Murphy entered the home of Earl  
B. Moore in Richland township while  
the family was away from home  
and was in the act of carrying away  
some bottled beer, when some of  
the family returned. Murphy at-  
tempted to escape only to be caught  
and held until the arrival of Sheriff  
Cavitt.

Judge Sparks gave Murphy a se-  
vere lecture in suspending the sen-  
tence and warned him against the  
use of intoxicating liquors. Murphy  
served a term in prison some years  
ago for robbing a man in a local  
livery stable. Judge Sparks said  
that in his opinion the community  
did not want Murphy sent to prison  
and that everyone concerned was  
willing to give him a chance, and  
that it was up to Murphy to make  
good.

Urban Waggoner, charged with  
assault and battery with intent to  
kill Harry Levi, pleaded guilty to  
the assault and battery part of the  
affidavit when the intent part was  
dismissed on motion of the prosecu-  
ting attorney. Judge Sparks fined  
Waggoner \$25 and costs which was  
paid.

The charge against Waggoner re-  
sulted from a fight at the I. & C  
power house in this city. Waggoner  
stabbed Levi in the back and for a  
time Levi was in a serious condi-  
tion.

The charge of making a false  
statement to obtain credit against J.  
Frank Colvin was dismissed for a  
want of prosecution.

The case against James Kratzer  
charged with operating a gambling  
house is scheduled to come for trial  
tomorrow. Judge Sparks will also  
pass judgment tomorrow on Charles  
Perkins, who pleaded guilty yester-  
day to a "blind tiger" charge.

### BOYS BROKE WINDOWS

A crowd of young boys from the  
west part of the city were before  
Mayor Bebout this morning. The  
boys have been in the habit of  
throwing stones and last Sunday  
several members of the gang were  
caught smashing windows at the Ar-  
buckle foundry. Mayor Bebout  
gave the boys a good lecture and if  
this proves of no avail the young-  
sters will likely get into juvenile  
court.

### CHURCH MEETING

An important meeting of the  
Church Council of the First Presby-  
terian church will be held at the  
church at 7:30 this evening. As  
matters of great importance are to  
be considered every officer and  
member are urged to be present.

## DR. SHAUCK ASKS DIVORCE

Arlington Physician Says Wife Has  
Ungovernable Temper

Dr. Albert G. Shauck of Arling-  
ton filed suit for divorce this morn-  
ing from Apolonia Sonia Shauck  
alleging cruel and inhuman treat-  
ment. The complaint states that  
they were married January 29, 1915  
and separated September 6, 1916.  
It is alleged that she has a high and  
ungovernable temper and frequently  
called him vile and vulgar names. It  
is also asserted that she was not  
satisfied with their home and was  
continually wanting to move from  
that place. Kiplinger and Smith  
represent the plaintiff.

## RUSHVILLE MEN IN THE WINNINGS

state fair in Indianapolis yester-  
day. William Dagler won a first,

## ADAIR TO OPEN LOCAL CAMPAIGN

### TO HOLD NIGHT MEETING HERE

The Democratic Central commit-  
tee has completed all plans for the  
visit of John A. M. Adair, candidate

end with a night meeting in the col-  
iseum.

This will mark the opening of the  
Democratic campaign in Rush coun-  
ty. Under the plans as worked out,  
Adair will arrive here early in the  
morning and the first stop on the  
county tour will be in Milroy. The  
Milroy meeting is scheduled for

party will go to Manilla, arriving  
there at 10:45 o'clock. The next

## HAVE FEW MORE VACATION DAYS

Rushville Public School Pupils  
Will be Called Back to Work  
Monday Morning

### ANNOUNCEMENT MADE TODAY

High School Will Take on New Ac-  
tivity—Books and Supplies  
Necessary Announced

Rushville school children have  
only a few more days of freedom.  
On next Monday morning at 8:30  
o'clock they will be summoned to  
their respective buildings to begin  
the year's work.

Superintendent J. H. Scholl to-  
day made a number of announce-  
ments preliminary to the opening of  
school. His statement indicated a  
greater activity in the high school.  
There will be six new teachers on  
the faculty this year.

Supt. Scholl also gave out a list  
of books and supplies that will be  
needed by pupils who are sure of  
their classification. Those who  
are uncertain about what grade they  
will be in are asked to wait until  
after the opening day of school.

The first regular institute for the  
city teachers will be held at the  
Graham building next Saturday. The  
teachers are asked to study the new  
course of study sent out by the  
state department of public instruc-  
tion. The course contains many new  
features. Several of the new  
teachers will have a part on the  
program.

The announcement concerning the  
high school work follows:

"The Rushville high school will  
begin work Monday morning. A cor-  
dial invitation has been extended  
to all graduates of the common  
schools who wish to enter this year.  
The students who took work in the  
Commercial Department last year  
are invited to come again this year.  
The extra year will be the best in-  
vestment they can make of their  
time this year.

"An orchestra will be organized,  
also glee clubs and choruses. Stu-  
dents qualifying for these classes  
will be given part time credit for  
good work in these organizations.

"Track and other forms of ath-  
letic work will be begun the second  
week of school."

Regarding the supplies and books  
for school children Supt. Scholl  
says:

The following list of books and  
supplies should be purchased by  
those who are sure of their classi-  
fication. Pupils attending the Gra-  
ham Annex Building should get the  
text books, drawing and music sup-  
plies, but not get tablets, for that  
school is trying out an experiment  
of supplying paper, which if it  
proves successful may be adopted  
for the city. Pupils at the other  
schools should supply themselves  
with the list as given.

Spellers will be changed in all  
grades. Take old speller exchange it  
and 9c for a new one. The New In-  
troductory Geography will be used  
in the 4B, 4A and 5B grades. This is  
a new book and does not displace  
any book. The Manly-Bailey Les-  
sons in English Book I will be used  
in the third and fourth grades and  
also the fifth. In the fourth and  
fifth there will be exchange rates.  
The Manly-Bailey Lessons in Eng-  
lish Book II will be used in Grades  
6B, 6A, 7B, 7A, 8B. Exchange  
rates are offered. The Tarr and  
McMurry Complete Geography will  
be used in grades 6B, 6A.

The New Progressive Music Ser-  
ies will be used. Exchange rates are

## TAGGART FEARS A "FLAREBACK"

Rumored he Nipped in Bud Plan to  
Make Public Lobby Investiga-  
tion Report Before Election

### WITHHELD OVER TWO YEARS

Friends of James E. Watson Main-  
tain Report Has Been De-  
layed for Political Purposes

Indications under the surface in  
political circles that the lobby in-  
vestigating committee of the United  
States senate, which has deferred a  
report of its probe for two years or  
more might "spring it" on the eve of  
the election in an effort to do dam-  
age to the campaign of James E.  
Watson of this city for the United  
States senate, were not far wrong  
because information from Washing-  
ton is that an effort of this sort  
has been nipped in the bud.

A correspondent of the Indianap-  
olis Star at the capital says that  
rumor has it that Tom Taggart,  
opponent of Mr. Watson, was the  
person who nipped the proposed  
plan to injure Watson's candidacy in  
the bud, because he feared a "flare-  
back."

A dispatch from Washington to  
the Indianapolis News' night before  
last said that the report of the  
lobby committee investigations was  
long overdue but that it would  
likely be held up until after the  
campaign.

Mr. Watson's friends have main-  
tained from the very first that the  
lobby investigations as respected  
the senatorial candidate were all  
buncombe and for campaign pur-  
poses else the report would have  
been made public long ago. It is  
maintained by many that the com-  
mittee could do nothing other than  
exonerate Mr. Watson of any blame,  
and because the report would fall  
so far short of what the advance  
notices had led the public to be-  
lieve, it was withheld so that the  
public would still be under the im-  
pression that was created when the  
charges were made by Mulhall. The  
Indianapolis Star's Washington cor-  
respondent had the following today:

An interesting scheme to "blow  
out of the water" James E. Watson  
Republican candidate for the Unit-  
ed States senatorship in Indiana,  
has been nipped in the bud. While  
the whole proceeding is more or less  
involved in mystery, it is reported  
that the person who put the snuffer  
on the little scheme was none other  
than Senator Thomas Taggart, who  
is Watson's opponent in the sena-  
torial race.

Watson was one of the men who  
figured in the limelight when the  
senatorial lobby committee investi-  
gated the charges made by Col. V.  
M. Mulhall relating to the alleged  
lobbying activities of the National  
Association of Manufacturers. Sen-  
ator Lee S. Overman of North  
Carolina was chairman of the lobby  
committee. The other members were  
Reed of Missouri and Walsh of  
Montana, Democrats, and Nelson of  
Minnesota and Cummins of Iowa,  
Republicans. The lobby committee  
never has made its report, although  
a report is long overdue. Some po-  
liticians out in Indiana have had the  
idea that if the committee would  
frame up a report on the eve of the  
campaign and fire a broadside at  
Mr. Watson it might go a long way  
toward putting a crimp in the lat-  
ter's senatorial prospects. As the  
Democrats have a majority on the  
committee it was figured that this

## A SURRENDER TO FORCE

Charles E. Hughes, so Characterizes  
Passage of 8-Hour Law

(By United Press.)

Hampton Beach, N. H., Sept. 7.—  
"It is only a step to the abdication  
of government," was the characteri-  
zation with which Charles E. Hughs  
here today wound his vigorous  
denunciation of "policy of surrender  
to force," which he saw in Presi-  
dent Wilson's hurrying through the  
8-hour law in averting the railroad  
strike.

The Republican nominee went  
farther in his denunciation of the  
legislation than in any speech so far  
and a crowd of about 1,500 cheered  
him noisily.

## ENGINEER CALLED FOR CONSULTATION

First Street Contractor Says he  
Can't Construct Pavement  
According to Plans

### ENGINEER TO SHOW HIM HOW

Inexperience on the part of the  
contractor in building a monolithic  
street caused the county commis-  
sioners to call in an engineer from  
Paris, Ill., today for a little advice.  
The engineer, C. P. Lyeon, arrived  
this morning and consulted the con-  
tractor, the superintendent and the  
commissioners. Under the plans for  
First street the brick are to be  
laid in concrete and A. L. Tribble,  
the contractor, told the commis-  
sioners that he could not build the  
street, according to the plans.

The plans call for the placing of  
the brick in 3/16 of an inch of con-  
crete and the contractor said it  
would be hard to do on a forty foot  
street. There was some talk of  
placing the brick on a sand cushion  
as the other streets of the city are  
built, but Lyeon stated the street  
could be built by changing the plans  
so as to provide for the placing of  
the brick in one-half inch of con-  
crete. This will probably be done.  
It is now planned to place one block  
of concrete in at a time and then  
go back and lay the brick. Lyeon  
will remain here for several days  
offering advice to the commissioners  
and contractor.

## POLICE SEARCH FOR A LOST BOY

Emerson Headlee, Age 13, Disap-  
pears From His Home Here  
Wednesday Afternoon

### SENT BY MOTHER TO STORE

The police were asked today to  
locate Emerson Headlee, 13, son of  
Mrs. W. O. Headlee, 209 North Har-  
rison street. Young Headlee left  
home yesterday afternoon on an  
errand for his mother and failed to  
return. Policeman Seward was in  
Connersville and Richmond today  
looking for the boy. The police  
found that a boy answering the de-  
scription of Headlee bought a ticket  
at the C. I. & W. depot for Conners-  
ville and it was thought likely that  
the boy would be found there.

Mrs. Headlee, according to the  
police, gave her son \$3 with which  
to pay her grocery bill. She be-  
came alarmed at eight o'clock last  
night when the boy failed to put in  
an appearance and a search was  
started. What reason the boy had  
in leaving home is not known.

## CHANGE PLANS TO HEAR WATSON

Survivors of 83rd Get Consent of  
the Rev. Daniel Ryan to  
Make Way For Him

### WATSON AT OSGOOD TODAY

New Officers are Elected Today and  
Osgood Selected for the  
Next Annual Meeting

The annual reunion of the Eighty-  
third Indiana regiment closed this  
morning. The Rev. Daniel Ryan of  
Glenwood was to have spoken this  
afternoon but so many of the sol-  
diers had left for their homes that  
this part of the program was can-  
celled. The program was changed  
last night, James E. Watson taking  
the place of the Rev. Mr. Ryan. Mr.  
Watson had an engagement in Os-  
good today and found it impossible  
to be here for the meeting. In or-  
der that the old soldiers might hear  
him the program was changed with  
the Rev. Mr. Ryan's consent.

At the annual business session of  
the regiment this morning Osgood  
was named as the next meeting  
place. The date has not been set  
but will probably be about this date  
next year. This regiment was from  
the southern part of the state, most  
of the members coming from Rip-  
ley county. The regiment was mus-  
tered in at Lawrenceburg and it is  
believed more members will attend if  
the meeting is held closer to Ripley  
county.

John Bultman of Osgood was  
elected commander for the ensuing  
year and D. K. Marsh, of Versailles  
was elected vice-commander. Samuel  
B. Daubenheyer of Versailles  
was again named as secretary-treasurer. Mr. Bultman, the new  
commander succeeds C. H. Kelso of  
Glenwood and the office of vice-  
commander was created this morn-  
ing, the members deciding that ad-  
ditional interest would be obtained  
with another elective office. The  
office of secretary-treasury is for  
life, according to the constitution  
of the regimental organization.

The attendance reached twenty-  
eight this morning, which is not  
quite as large as last year when  
forty members met at the reunion  
in Shelbyville. The address of Mr.  
Watson last night was highly appre-  
ciated by the veterans.

A total of five states were rep-  
resented at the reunion. One vet-  
eran, Lewis Pennington came from  
Denver, Colo., to attend the reunion.  
Another member of the regiment,  
William Chisman came from An-  
gusta, Kansas to meet with the re-  
maining members of the regiment.  
The following are the names of the  
members signing the register:

Daniel Marsh, Company A, Ver-  
sailles, Ind.; David Giffin, Company  
H, Ludlow, Ky.; Herman Barkis,  
Company, G., Batesville, Ind.;  
Clark Canfield, Company I, Aurora,

## UNITED STATES' HONOR.

Hughes' Criticism of Foreign Policy Approved in West.

[Portland (Ore.) Telegram.]

The Republican party has selected a standard bearer whose utterances from day to day justify the people who chose him. Not only does he bring before the country the shortcomings of the Administration that owes its existence to a divided Republicanism, but his criticism is everywhere constructive.

He tells what must be done and will be done by the party he represents to prevent wastefulness and extravagance in the governmental expenditures and to put a stop to the vacillating policy that has caused other nations to believe that the United States has no intention of backing up its demands made in the interests of justice and humanity.

Most vulnerable of all points in the Democratic armor is its foreign policy. Primarily this is because of the spots system by which men trained in the consular and diplomatic service through long years, have been displaced to make room for politicians, and friends of politicians, whose sole claim to preferment was their services to the Democratic party.

"If I am elected president of the United States," said Mr. Hughes last night, "I propose that every man I put in charge of an important department shall be a man eminently fit to discharge the duties of that department."

The denuding of the diplomatic service of men of experience in order to supply political jobs, as has been done by Mr. Wilson, or with his consent, Mr. Hughes denounces as "a capital offense—trading in the good name of the United States and damaging its honor." "Nobody," he adds, "has a right to pay political debts with the good name and honor of the United States."

Which is clear proof that Mr. Hughes has not been unmindful of the high principles of government which must be maintained in order that this republic shall maintain its place as a shining example to all nations.

# FAMILIES SPLIT ON CAMPAIGN

**Wives of Wilson Supporters Will  
Take Stump For Governor Hughes.**

## DIVERTING CAMPAIGN PHASE.

Washington.—Families are being divided by the present political issues. Here are a few examples: J. A. H. Hopkins of New Jersey is treasurer of the Progressive (genuine) national committee and has announced that he personally favors the re-election of Wilson. Mrs. Hopkins is a member of the Woman's party and will take the stump and do all she can to prevent the election of Wilson.

Gifford Pinchot is for Hughes and all the militarism Hughes and his backing can secure. Amos Pinchot, his brother, is a member of the American Union Against Militarism and will support Wilson as the lesser of two evils. Representative William Kent of California is a wild eyed enthusiast for Wilson and is heading a Wilson non-partisan league, while Mrs. Kent is a member of the Woman's party and will stump for the defeat of Wilson.

George Middleton has allied himself with the group of writers who have announced themselves for Wilson, while his wife, Fola La Polette, is one of the members of the Congressional union who will hold Wilson responsible for the defeat of the Susan B. Anthony amendment. Meredith Nicholson is a Wilson supporter, but Mrs. Nicholson will write and stump against Wilson on account of his attitude toward the federal suffrage amendment. Mrs. Louis F. Post is a member of the Woman's Peace party and an ardent Tolstoyan pacifist. Louis F. Post, assistant secretary of labor, is for the administration's "reasonable" program of preparedness.

# Escape TOOTH Troubles

—by keeping your teeth REALLY CLEAN.

"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present. SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea. Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut St., Cincinnati, Ohio, for liberal-sized trial package.

# Drink To Your Health

## Kentucky Carlsbad Water

There is more to the caption of this little article than, at a glance, would appear.

If one would stop and consider what the drinking of PURE WATER means and then add to this the wonderful medicinal properties contained in Kentucky Carlsbad Water, one would get the full meaning of "Drink to Your Health."

This "WONDER WATER" comes from the earth at a depth of over 100 feet, is thoroughly filtered, which removes any possible foreign matter, but does not remove any of its health giving properties, and is put up in half-gallon bottles (six to a case) that have been thoroughly washed and cleansed and then sterilized with live steam.

To each case, as above described, is added one smaller bottle of the Natural Mineral Water that has been fortified for use in cases of constipation or when the bowels need flushing.

Unless you are familiar with Kentucky Carlsbad Water you are, no doubt, wondering what the wonderful curative properties contained in this water are and what we claim for them.

If you will send for our free booklet, which gives the analysis of Kentucky Carlsbad Water, and submit same to your physician, he will tell you that by using the water in liberal quantities it will correct Uric Acid (the cause of most Rheumatism), Albumen (the symptoms of Diabetes), and will give quick relief in cases of Stomach Trouble.

We have here at Dry Ridge a thoroughly modern Sanatorium and Hotel, where patients receive prompt and permanent relief from all the above troubles.

Our rates are low and we would like to correspond with you in reference to your particular trouble. Write for booklet.

## Public Pays Freight

"We have cringed and crawled, we have humiliated ourselves, debauched our government, discredited union labor and accomplished nothing."

With these words Senator Borah expressed the opinion, shared but not voiced by a large number of his more timorous colleagues, he entertains regarding the railway wage bill which President Wilson has just forced Congress to pass. That this bill will prove only the beginning and that no man can foresee where the end will be is the opinion of many members of Congress. By a curious coincidence, three big New York dailies announced the passage of the railway wage bill with strikingly similar headlines. The World (Democratic) said, "Public Must Pay for 8-hour Law," the Times, (Democratic) said, "Public Must Pay say Railwaymen," the Tribune (Independent-Republican) "Public Must Pay for 8-hour Law." Freight rates will be increased, but probably not until after the election. Then every shipper of wheat, corn, live stock, etc., and every buyer of machinery will learn "who pays the freight."

From an unexpected quarter comes a severe arraignment of the president's part in forcing congress to increase by federal statute the pay of the railway employees. The president of the Texas Farmers' Union has issued a statement declaring that, "The people of this nation have, during the past week, passed through the most humiliating experience this nation has ever endured. A few labor union leaders have stood at the portals of Congress demanding that the Government give them a ransom or they would wreck society. This nation, instead of meeting the situation bravely, has delivered the goods in fear and trembling." The statement goes on to point out that when, two years ago, cotton was selling at 6-cents a pound as a result of the European war, and "poverty stalked through the Southland" it was declared that Congress could not help. "The organized plowmen pleaded with Congress for relief," continues the statement, "but we were told that it would not be constitutional for the Government to

## FLEETING PROSPERITY IS FOOL'S PARADISE

Don't Let Smoke From Munition Factories Cloud Your Brain With Belief It's Abiding.

## PROTECTION OUR BULWARK.

Forget Not the Dire Conditions Which Depressed This Country Under the Democratic Free Trade Tariff Prior to the War—They Will Return to Plague and Hunger Unless the Republicans Are Restored to Power.

"When we contemplate industrial and commercial conditions," says Mr. Hughes, "we see that we are living in a fool's paradise." This is the condition to which the administration and its supporters have deliberately closed their eyes. When the war cloud broke over Europe this country was experiencing the most serious depression it had known since 1893, when the Democratic party and its policies were in full control of the United States.

Suddenly there came from over the sea a demand for munitions of war, clothing, food, supplies, everything needed by vast armies and by countries whose sons were taken from the field and the workshop, never to return.

As a result our exports and the balance of trade in our favor have reached figures far surpassing any ever before known. Temporarily, especially in the east, there is no lack of work at high wages, for Europe must pay whatever price America asks. No thoughtful person would imagine that this condition is anything like real prosperity. How false it is we in Oregon, who have the clearer vision, because not clouded by the smoke from munitions factories, have fully felt and fully appreciated.

What the Republican candidate for president says about it the Democrats know to be true:

"Our opponents promised to reduce the cost of living. This they have failed to do, but did reduce the opportunities of making a living. Let us not forget the conditions that existed in this country under the new tariff prior to the war. Production had decreased; business was languishing; new enterprises were not undertaken; instead of expansion there was curtailment, and our streets were filled with the unemployed."

The suspension of these conditions is not nation wide, only sectional, and depends upon the duration of the war. Those who think otherwise are indeed living in a fool's paradise.—Portland (Ore.) Telegram.

undertake to fix the price of cotton or to advance money on cotton in storage and that Congress was a slow moving body and could not meet emergencies." The opinion of the man in the street seems to be that while President Wilson has made a strenuous effort to gain the labor vote and may in some measure have been successful, he has lost far more than he will gain and that especially has he lost the farmer vote, for when all is said and done it is still true that "It is the farmer who pays the freight."

This conflict between the railroads and their employees has served at least one good purpose. It has convinced the ultimate goats (the public at large) that laws must be enacted to prevent a recurrence of conflicts in the future which have the possibility of a paralysis of the commercial interests of the country. Those laws should be so drastic in their nature as to force a course of moderation on both sides to the controversy. The people have rights, as well as the rail-

## POLITICAL JOTTINGS.

At that, however, from beginning to end this has been more of a "you kick me and I'll kiss you" administration.

Vance McCormick says the Progressives are stampeding to Wilson, and it's a ten to one bet he wishes he could believe it.

The Democrats are finding out that pork comes home to roost out their standing.

The men and women who prefer a man who does things to a man who writes notes about them will vote for Hughes. Government by correspondence takes too long to get anywhere, but government by deeds is always on the job.

Those who are concerned to know what Mr. Hughes would have done had he been in Mr. Wilson's place may rest assured he would not have done as Mr. Wilson has. And that is answer enough.

Mr. Hughes is not only going direct to the public, but the public is going direct to him. A genuine American fifty-fifty!

President Wilson's alarm clock is ringing at 5 o'clock these mornings. He can reach out of bed and turn it off the morning of March 5.

Postmaster General Burleson is too foxy a politician to adopt for his department the McAdoo rule forbidding treasury department employees participating in politics. Mr. Burleson realizes that postmasters are entitled to some exercise for the money.

There are no strings or mental reservations to the public pledges of administrative reform given by Charles E. Hughes. His record as governor of New York guarantees the fulfillment of every promise.

Democrats are now convinced that Charles Evans Hughes is a warm proposition.

It is gratifying, indeed, to find that Mr. Wilson still stands on the suffrage question where he stood at the beginning of his administration. He has changed on about everything else.—Philadelphia Evening Ledger.

Mr. Hughes says there should be firm dealing in Mexican affairs. Maybe so, but we have had enough of the firm of Wilson, Carranza & Co.

According to the week's latest work of fiction, the Democratic campaign book, the wage earners of the country received during the Wilson administration \$3,000,000,000 more than they received under Taft. And all it cost them to keep something in the dinner pail was \$6,000,000,000 more.

Some funny paragraphers never see anything funny in their own jokes. But, then, neither do we.

Sensational news is becoming so common it is rapidly ceasing to be sensational.

## EDITORIAL COMMENT.

The fact that the Democratic campaign managers have booked Secretary Daniels for a speech in Maine seems to indicate that they have abandoned all hope of carrying the state and simply don't care what happens to the ticket in the September election.

Senator J. Ham Lewis, a spokesman for the administration, in attempting to apologize for the president's mollycoddle expression that we are "too proud to fight," explains that it is an old Latin quotation. But the people already know that it is out of date and the expression of a decadent nation.

"We don't want to maintain a political almshouse," remarked Mr. Hughes to the North Dakota farmers, and a nation applauds him. Americans are beginning to see a possibility in the near future of regaining their self respect.

This administration seems to have sold everything it could, from the nation's honor down to the smallest rural postmastership.

Secretary Daniels says this is no time for politics. And it's no time for Secretary Daniels either.

Senator Lewis, defending the president on his "too proud to fight" expression intimates that it was due solely to the ignorance of his audience that the popular interpretation that has been put upon it was evolved, and that anyway it didn't mean what it appeared to mean. The latter statement can be taken with some degree of confidence, as it is quite a well known fact that most of the things the president says do not mean what they are supposed to mean.

Secretary Redfield has presented another of those living illustrations of the old adage that "fools rush in where angels fear to tread," with one important modification. The difference in the Secretary's case is that he walked right in and turned around and was kicked right out again.

The Democratic contingent in the Senate is all worked up over the fact that the terms of the treaty for the purchase of the Danish West Indies "leaked out." "Pitiless publicity," you understand, has been consigned to the scrap heap with a large assortment of vapid other Democratic policies and promises.

Housewives in need of pork recipes should address the Wilson administration.

Mr. Wilson has made no reply to the charges of Mr. Hughes. Is he still too proud to fight?

By the way his opponents are abusing him, it is evident that Mr. Hughes has touched them on the raw.

No apology which the Wilson administration can make for its futile and irritating Mexican policy will satisfy the American people. It has lacked conspicuously the two characteristics which Hughes promises—a friendly spirit and a firm hand.

Pitiless publicity, says Mr. Hughes; have a heart, say the Democrats.

Of Mr. Wilson it may be said he meant well, but he now finds himself buried under the evidence of inefficiency that Mr. Hughes has brought forth.

### THE INCONSIDERATE BEHAVIOR OF A CANDIDATE.

Why does Mr. Hughes insist upon talking about that old fashioned, not to say “Iniquitous” doctrine, the protective tariff? For nearly the whole period of its industrial existence the United States struggled along under protection. The Democratic party in 1913 came to the relief of an afflicted and burdened people.

The Republican Administration (not on account of the tariff, it is true) was overthrown. Before taking over the reins of government, and for many years prior to that time, countless Democratic statesmen had vainly tried to persuade the American people that the protective tariff was an iniquity, a veritable contrivance of devils. It fostered the trusts, and it was an elevator of prices even to the thirty-seventh story and the tower. They promised relief. The poor should be no longer oppressed; the cost of living should be reduced—must be, as the sure result of a tariff for revenue—protective only in spots, such as the Louisiana sugar mills and the Carolina cotton factories.

Doesn’t Mr. Hughes know what the Administration did which he is now attacking? He ought to know. The Democrats, under the leadership of Mr. Wilson and Mr. Underwood, repealed that iniquity and abomination, the Payne-Aldrich tariff law—that foster mother of trusts and high prices—and enacted in its place the present law. Mr. Hughes knows, of course, as every head of a family in America knows, that the trusts have not yet been dissolved and that the cost of living is higher than ever—that the price of everything has reached an unheard of height—but what of it?

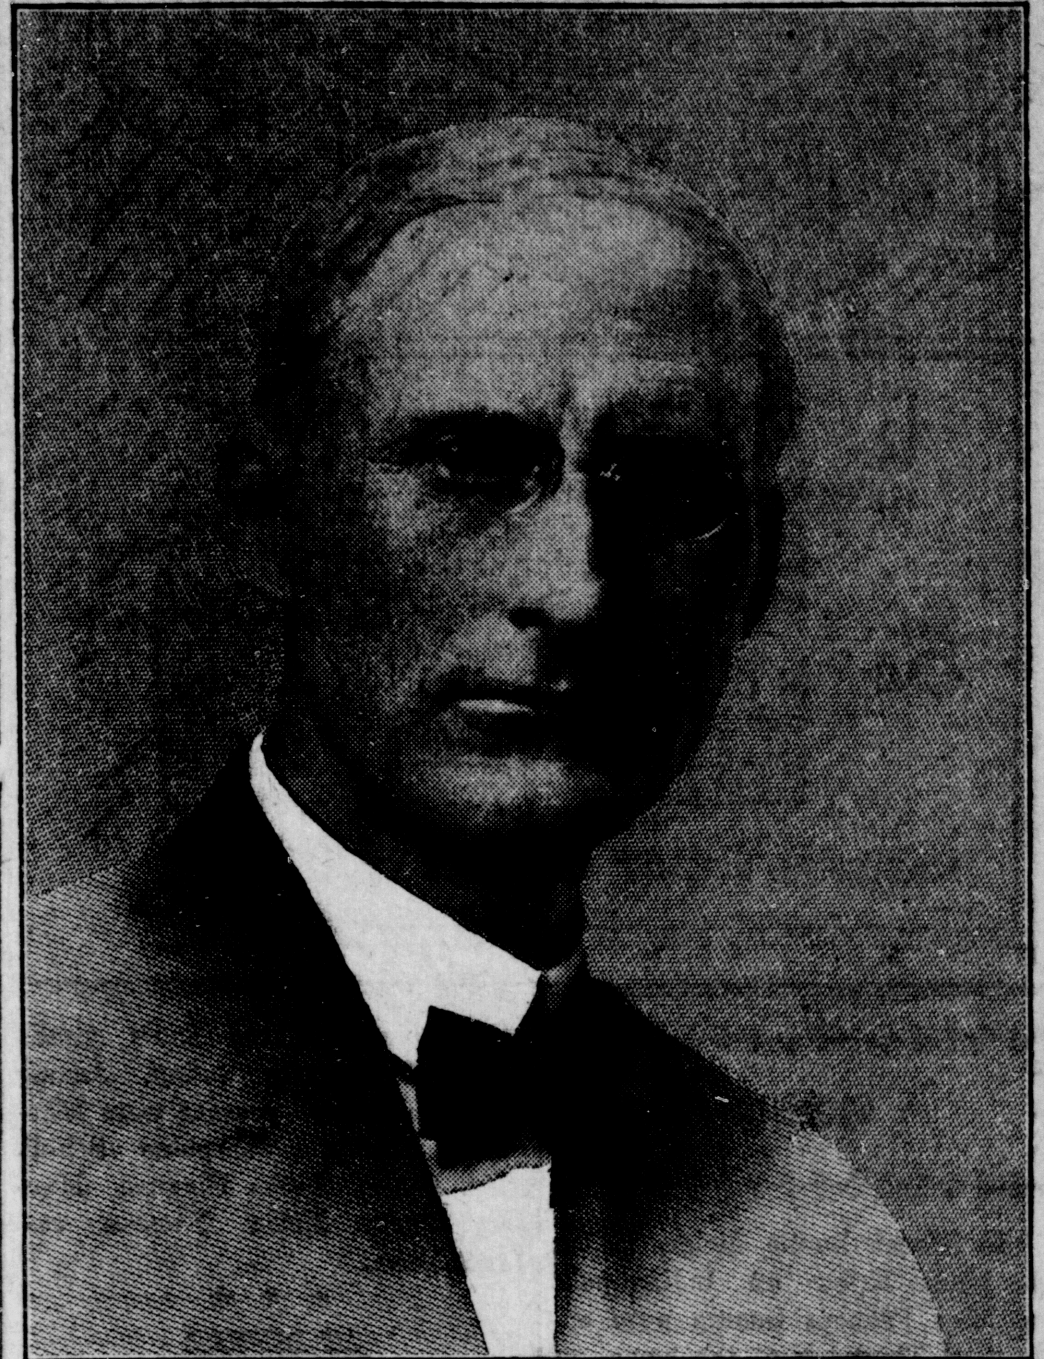

What of it, indeed? While it is true that a protective tariff never failed under any circumstances to protect American industry and American labor, it is to be considered that the war in Europe has upset the plans of the present low tariff administration.

Now, the obvious thing for Mr. Hughes to do is to give the Democrats a chance to get their tariff on straight. Never mind the patient; let the doctor experiment. That time won’t come, of course, until the war is over—according to the Democratic version. In other words, the tariff for revenue doctrine doesn’t fit the conditions; the conditions must be made to fit the tariff. So why this disturbance, Mr. Hughes?

Besides, when you discuss a little thing like the tariff, do you not know that Son-in-Law McAdoo and the other statesmen of the Democratic family are likely to repeat their accusation that you are “pettifogging?”—Charles ton (W. Va.) Mail.

DENTISTS PLAN TO ADVERTISE

Modern Ethical Dental Association

Considering Method of Educating the Public

MAY USE THE NEWSPAPERS

Dr. Reiss of Terre Haute Believes

he Has a Solution and Practical Plan

(By United Press.)

Indianapolis, Ind., Sept. 7.—That a public 80 per cent dentally inefficient demands great educational activity on the part of the dental profession was the dominant thought of the session of the Modern Ethical Dental Association in session at the Hotel Severin here today.

The Modern Ethical Dental Association of Indiana which was recently organized includes the advertising dentists of the state. Several non-advertising dentists attended today's meeting to discover what plans the association has in mind for educating the public to the need of dental work.

"For years the dental associations of the country have recognized the fact that no more than one in five people who need dental work was having it done," said one speaker at today's session. "It has been recognized that the only way to correct this situation is by an educational campaign conducted in paid space in the newspapers."

Dr. Edward Reiss of Terre Haute president of the association, believes he has a practical plan for conducting such a publicity campaign. Addresses were given on the publicity plan at today's session by Carl Hunt, editor of Associated Advertising, and David Porterfield secretary of the Better Business Bureau of Indianapolis.

Local Option Election in Bloomington is Claimed by Wets and Dries—Hot Campaign

"DRYS" MAY MISS STUDENTS

(By United Press.)

Bloomington, Ind., Sept. 7.—One of the hottest local option elections held in Indiana this year was on here today. The city of Bloomington was voting on the question of keeping the city dry. The attention of the entire state was directed upon the election as the city is the seat of Indiana University. The Dry remonstrances which it is believed will keep saloons out of the first ward regardless of today's election was headed by President William L. Bryan of Indiana University.

The wets claim to have the advantage over the dries in that the University has not yet opened and the student vote in past elections has been a great source of strength to the anti saloon men. Many students who claim this city as their voting place were back to vote today. Bloomington has been dry for the past four years.

could be "put across" without any difficulty.

Just what part Mr. Taggart took in the matter may never be learned, but it is known that the lobby committee will not make any report on the eve of election. There is substantial ground for the belief that Senator Taggart saw great possibilities of a flareback in any such eleventh-hour attempt to put a stain on his senatorial rival.

### OBITUARY

Robert Wilson, infant son of Clessie and Ethel Tribbey was born May 15th, 1916, and died August 31, 1916, after an illness of only a few hours.

Although he was spared for only the short time of three months and 16 days, his death has left a vacancy in the home that nothing can fill.

This is the first time the Angel of Death has entered this home to break up the family circle and besides the Father and Mother, one brother and two little sisters are left to mourn the loss of Baby Brother, while a host of relatives and friends sympathize with the family in their sad bereavement.

The little life so suddenly taken is another line drawing those left behind to the Heavenly Home, so we will say with the Poet:

"O, not in cruelty, not in wrath,  
The Reaper came that day;  
'Twas an Angel visited the green earth  
And took the flowers away."

## WAS BUSY WITH CRIMINAL CASES

Judge Sparks Disposed of Three,  
One of Them Being Dismissed  
For Lack of Prosecution

## ORBAN WAGGONER IS FINED

Sentence Given Elmer Murphy For  
Entering House and Suspend-  
ed Pending Good Behavior

Criminal business occupied the  
attention of Judge Sparks this  
morning, three cases being disposed  
of, two resulting in convictions and  
the other in dismissal.

Elmer Murphy of Richland was  
arraigned and entered a plea of  
guilty to the charge of entering a  
house to commit a felony. Murphy  
was sentenced to from two to four-  
teen years at the state prison at  
Michigan City and the court then  
suspended the sentence pending  
good behavior.

Murphy entered the home of Earl  
B. Moore in Richland township while  
the family was away from home  
and was in the act of carrying away  
some bottled beer, when some of  
the family returned. Murphy at-  
tempted to escape only to be caught  
and held until the arrival of Sheriff  
Cavitt.

Judge Sparks gave Murphy a se-  
vere lecture in suspending the sen-  
tence and warned him against the  
use of intoxicating liquors. Murphy  
served a term in prison some years  
ago for robbing a man in a local  
livery stable. Judge Sparks said  
that in his opinion the community  
did not want Murphy sent to prison  
and that everyone concerned was  
willing to give him a chance, and  
that it was up to Murphy to make  
good.

Orban Waggoner, charged with  
assault and battery with intent to  
kill Harry Levi, pleaded guilty to  
the assault and battery part of the  
affidavit when the intent part was  
dismissed on motion of the prosecu-  
ting attorney. Judge Sparks fined  
Waggoner \$25 and costs which was  
paid.

The charge against Waggoner re-  
sulted from a fight at the L. & C.  
power house in this city. Waggoner  
stabbed Levi in the back and for a  
time Levi was in a serious condi-  
tion.

The charge of making a false  
statement to obtain credit against J.  
Frank Colvin was dismissed for a  
want of prosecution.

The case against James Kratzer  
charged with operating a gambling  
house is scheduled to come for trial  
tomorrow. Judge Sparks will also  
pass judgment tomorrow on Charles  
Perkins, who pleaded guilty yester-  
day to a "blind tiger" charge.

## BOYS BROKE WINDOWS

A crowd of young boys from the  
west part of the city were before  
Mayor Behont this morning. The  
boys have been in the habit of  
throwing stones and last Sunday  
several members of the gang were  
caught smashing windows at the Ar-  
buckle foundry. Mayor Behont  
gave the boys a good lecture and if  
this proves of no avail the young-  
sters will likely get into juvenile  
court.

## CHURCH MEETING

An important meeting of the  
Church Council of the First Presby-

matters of great importance are to  
be considered every officer and  
member are urged to be present.

## DR. SHAUCK ASKS DIVORCE

Arlington Physician Says Wife Has  
Ungovernable Temper

Dr. Albert G. Shauck of Arling-  
ton filed suit for divorce this morn-  
ing from Apollonia Sonia Shauck  
alleging cruel and inhuman treat-  
ment. The complaint states that  
they were married January 29, 1915  
and separated September 6, 1916.  
It is alleged that she has a high and  
ungovernable temper and frequently  
called him vile and vulgar names. It  
is also asserted that she was not  
satisfied with their home and was  
continually wanting to move from  
that place. Kiplinger and Smith

## HAVE FEW MORE VACATION DAYS

Rushville Public School Pupils  
Will be Called Back to Work  
Monday Morning

## ANNOUNCEMENT MADE TODAY

High School Will Take on New Ac-  
tivity—Books and Supplies  
Necessary Announced

Rushville school children have  
only a few more days of freedom.  
On next Monday morning at 8:30  
o'clock they will be summoned to  
their respective buildings to begin  
the year's work.

Superintendent J. H. Scholl to-  
day made a number of announce-  
ments preliminary to the opening of  
school. His statement indicated a  
greater activity in the high school.  
There will be six new teachers on  
the faculty this year.

Supt. Scholl also gave out a list  
of books and supplies that will be  
needed by pupils who are sure of  
their classification. Those who are  
uncertain about what grade they  
will be in are asked to wait until  
after the opening day of school.

The first regular institute for the  
city teachers will be held at the  
Graham building next Saturday. The  
teachers are asked to study the new  
course of study sent out by the  
state department of public instruc-  
tion. The course contains many new  
features. Several of the new  
teachers will have a part on the  
program.

The announcement concerning the  
high school work follows:

"The Rushville high school will  
begin work Monday morning. A cor-  
dial invitation has been extended  
to all graduates of the common  
schools who wish to enter this year.  
The students who took work in the  
Commercial Department last year  
are invited to come again this year.  
The extra year will be the best in-  
vestment they can make of their  
time this year.

"An orchestra will be organized  
also glee clubs and choruses. Stu-  
dents qualifying for these classes  
will be given part time credit for  
good work in these organizations.

"Track and other forms of ath-  
letic work will be begun the second  
week of school."

"Regarding the supplies and books  
for school children Supt. Scholl  
says:

The following list of books and  
supplies should be purchased by

## TAGGART FEARS A "FLAREBACK"

Rumored he Nipped in Bud Plan to  
Make Public Lobby Investiga-  
tion Report Before Election

## WITHHELD OVER TWO YEARS

Friends of James E. Watson Main-  
tain Report Has Been De-  
layed for Political Purposes

Indications under the surface in  
political circles that the lobby in-  
vestigating committee of the United  
States senate, which has deferred a  
report of its probe for two years or  
more might "spring it" on the eve of  
the election in an effort to do dam-  
age to the campaign of James E.  
Watson of this city for the United  
States senate, were not far wrong  
because information from Washing-  
ton is that an effort of this sort  
has been nipped in the bud.

A correspondent of the Indiana-  
polis Star at the capital says that  
rumor has it that Tom Taggart,  
opponent of Mr. Watson, was the  
person who nipped the proposed  
plan to injure Watson's candidacy in  
the bud, because he feared a "flare-  
back."

A dispatch from Washington to  
the Indianapolis News night before  
last said that the report of the  
lobby committee investigations was  
long overdue but that it would  
likely be held up until after the  
campaign.

Mr. Watson's friends have main-  
tained from the very first that the  
lobby investigations as respected  
the senatorial candidate were all  
buncombe and for campaign pur-  
poses else the report would have  
been made public long ago. It is  
maintained by many that the com-  
mittee could do nothing other than  
exonerate Mr. Watson of any blame,  
and because the report would fall  
so far short of what the advance  
notices had led the public to be-  
lieve, it was withheld so that the  
public would still be under the im-  
pression that was created when the  
charges were made by Mulhall. The  
Indianapolis Star's Washington cor-  
respondent had the following today:

An interesting scheme to "blow  
out of the water" James E. Watson  
Republican candidate for the United  
States senatorship in Indiana,  
has been nipped in the bud. While  
the whole proceeding is more or less  
involved in mystery, it is reported  
that the person who put the snuffer  
on the little scheme was none other  
than Senator Thomas Taggart, who  
is Watson's opponent in the sena-  
torial race.

Watson was one of the men who  
figured in the limelight when the  
senatorial lobby committee investi-  
gated the charges made by Col. M.  
M. Mulhall relating to the alleged  
lobbying activities of the National  
Association of Manufacturers. Sen-  
ator Lee S. Overman of North  
Carolina was chairman of the lobby  
committee. The other members were  
Reed of Missouri and Walsh of  
Montana, Democrats, and Nelson of  
Minnesota and Cummins of Iowa,  
Republicans. The lobby committee  
never has made its report, although  
a report is long overdue. Some poli-  
ticians out in Indiana have had the  
idea that if the committee would  
frame up a report on the eve of the  
campaign and fire a broadside at  
Mr. Watson it might go a long way  
toward putting a crimp in the lat-  
ter's senatorial prospects. As the  
Democrats have a majority on the  
committee it was figured that this

## A SURRENDER TO FORCE

Charles E. Hughes, so Characterizes  
Passage of 8-Hour Law

(By United Press.)  
Hampton Beach, N. H., Sept. 7.—  
"It is only a step to the abdication  
of government," was the characteri-  
zation with which Charles E. Hughes  
here today wound his vigorous  
denunciation of "policy of surrender  
to force," which he saw in Presi-  
dent Wilson's hurrying through the  
8-hour law in averting the railroad  
strike.

The Republican nominee went  
farther in his denunciation of the  
legislation than in any speech so far  
and a crowd of about 1,500 cheered  
him noisily.

## ENGINEER CALLED FOR CONSULTATION

First Street Contractor Says he  
Can't Construct Pavement  
According to Plans

## ENGINEER TO SHOW HIM HOW

Inexperience on the part of the  
contractor in building a monolithic  
street caused the county commis-  
sioners to call in an engineer from  
Paris, Ill., today for a little advice.  
The engineer, C. P. Lyeon, arrived  
this morning and consulted the con-  
tractor, the superintendent and the  
commissioners. Under the plans  
for first street the brick are to be  
laid in concrete and A. L. Tribble,  
the contractor, told the commis-  
sioners that he could not build the  
street, according to the plans.

The plans call for the placing of  
the brick in 3/16 of an inch of con-  
crete and the contractor said it  
would be hard to do on a forty foot  
street. There was some talk of  
placing the brick on a sand cushion  
as the other streets of the city are  
built, but Lyeon stated the street  
could be built by changing the plans  
so as to provide for the placing of  
the brick in one-half inch of con-  
crete. This will probably be done.  
It is now planned to place one block  
of concrete in at a time and then  
go back and lay the brick. Lyeon  
will remain here for several days  
offering advice to the commissioners  
and contractor.

## POLICE SEARCH FOR A LOST BOY

Emerson Headlee, Age 13, Disap-  
pears From His Home Here  
Wednesday Afternoon

## SENT BY MOTHER TO STORE

The police were asked today to  
locate Emerson Headlee, 13, son of  
Mrs. W. O. Headlee, 209 North Har-  
rison street. Young Headlee left  
home yesterday afternoon on an  
errand for his mother and failed to  
return. Policeman Seward was in  
Connersville and Richmond today  
looking for the boy. The police  
found that a boy answering the de-  
scription of Headlee bought a ticket  
at the C. I. & W. depot for Conners-  
ville and it was thought likely that  
the boy would be found there.

Mrs. Headlee, according to the  
police, gave her son \$3 with which  
to pay her grocery bill. She be-  
came alarmed at eight o'clock last  
night when the boy failed to put in  
an appearance and a search was  
started. What reason the boy had  
in leaving home is not known.

## CHANGE PLANS TO HEAR WATSON

Survivors of 83rd Get Consent of  
the Rev. Daniel Ryan to  
Make Way For Him

## WATSON AT OSGOOD TODAY

New Officers are Elected Today and  
Osgood Selected for the  
Next Annual Meeting

The annual reunion of the Eighty-  
third Indiana regiment closed this  
morning. The Rev. Daniel Ryan of  
Glenwood was to have spoken this  
afternoon but so many of the sol-  
diers had left for their homes that  
this part of the program was can-  
celled. The program was changed  
last night, James E. Watson taking  
the place of the Rev. Mr. Ryan. Mr.  
Watson had an engagement in Os-  
good today and found it impossible  
to be here for the meeting. In or-  
der that the old soldiers might hear  
him the program was changed with  
the Rev. Mr. Ryan's consent.

At the annual business session of  
the regiment this morning Osgood  
was named as the next meeting  
place. The date has not been set  
but will probably be about this date  
next year. This regiment was from  
the southern part of the state, most  
of the members coming from Rip-  
ley county. The regiment was mus-  
tered in at Lawrenceburg and it is  
believed more members will attend if  
the meeting is held closer to Ripley  
county.

John Bultman of Osgood was  
elected commander for the ensuing  
year and D. K. Marsh, of Versailles  
was elected vice-commander. Samuel  
B. Daubenheyer of Versailles  
was again named as secretary-  
treasurer. Mr. Bultman, the new  
commander succeeds C. H. Kelso of  
Glenwood and the office of vice-  
commander was created this morn-  
ing, the members deciding that ad-  
ditional interest would be obtained  
with another elective office. The  
office of secretary-treasurer is for  
life, according to the constitution  
of the regimental organization.

The attendance reached twenty-  
eight this morning, which is not  
quite as large as last year when  
forty members met at the reunion  
in Shelbyville. The address of Mr.  
Watson last night was highly appre-  
ciated by the veterans.

A total of five states were rep-  
resented at the reunion. One vet-  
eran, Lewis Pennington came from  
Denver, Colo., to attend the reunion.  
Another member of the regiment,  
William Chisman came from Au-  
gusta, Kansas to meet with the re-  
maining members of the regiment.  
The following are the names of the  
members signing the register.

Daniel Marsh, Company A, Ver-

## UNITED STATES' HONOR.

Hughes' Criticism of Foreign Policy Approved in West.

(Portland (Ore.) Telegram.)

The Republican party has selected a standard bearer whose utterances from day to day justify the people who chose him. Not only does he bring before the country the shortcomings of the Administration that owes its existence to a divided Republicanism, but his criticism is everywhere constructive.

He tells what must be done and will be done by the party he represents to prevent wastefulness and extravagance in the governmental expenditures and to put a stop to the vacillating policy that has caused other nations to believe that the United States has no intention of backing up its demands made in the interests of justice and humanity.

Most vulnerable of all points in the Democratic armor is its foreign policy. Primarily this is because of the spoils system by which men trained in the consular and diplomatic service through long years, have been displaced to make room for politicians, and friends of politicians, whose sole claim to preferment was their services to the Democratic party.

"If I am elected president of the United States," said Mr. Hughes last night, "I propose that every man I put in charge of an important department shall be a man eminently fit to discharge the duties of that department."

The denuding of the diplomatic service of men of experience in order to supply political jobs, as has been done by Mr. Wilson, or with his consent, Mr. Hughes denounces as "a capital offense—trading in the good name of the United States and damaging its honor." "Nobody," he adds, "has a right to pay political debts with the good name and honor of the United States."

Which is clear proof that Mr. Hughes has not been untruthful of the high principles of government which must be maintained in order that this republic shall maintain its place as a shining example to all nations.

## FAMILIES SPLIT

### ON CAMPAIGN

### Wives of Wilson Supporters Will

Take Stump For Governor Hughes.

### DIVERTING CAMPAIGN PHASE.

Washington.—Families are being divided by the present political issues. Here are a few examples: J. A. H. Hopkins of New Jersey is treasurer of the Progressive (gentle) national committee and has announced that he personally favors the re-election of Wilson. Mrs. Hopkins is a member of the Woman's party and will take the stump and do all she can to prevent the election of Wilson.

Gifford Pinchot is for Hughes and all the militarism Hughes and his backing can secure. Amos Pinchot, his brother, is a member of the American Union Against Militarism and will support Wilson as the lesser of two evils. Representative William Kent of California is a wild eyed enthusiast for Wilson and is heading a Wilson non-partisan league, while Mrs. Kent is a member of the Woman's party and will stump for the defeat of Wilson.

George Middleton has allied himself with the group of writers who have announced themselves for Wilson, while his wife, Lola La Polette, is one of the members of the Congressional union who will hold Wilson responsible for the defeat of the Susan B. Anthony amendment. Meredith Nicholson is a Wilson supporter, but Mrs. Nicholson will write and stump against Wilson on account of his attitude toward the federal "strange amendment." Mrs. Louis F. Post is a member of the Woman's Peace party, and an ardent Tolstoyan pacifist. Louis F. Post, assistant secretary of labor, is for the administration's "reasonable" program of preparedness.

Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present. # Drink To Your Health

## Kentucky Carlsbad Water

There is more to the caption of this little article than, at a glance, would appear.

If one would stop and consider what the drinking of PURE WATER means and then add to this the wonderful medicinal properties contained in Kentucky Carlsbad Water, one would get the full meaning of "Drink to Your Health."

This "WONDER WATER" comes from the earth at a depth of over 100 feet, is thoroughly filtered, which removes any possible foreign matter, but does not remove any of its health giving properties, and is put up in half-gallon bottles (six to a case) that have been thoroughly washed and cleansed and then sterilized with live steam.

To each case, as above described, is added one smaller bottle of the Natural Mineral Water that has been fortified for use in cases of constipation or when the bowels need flushing.

Unless you are familiar with Kentucky Carlsbad Water you are, no doubt, wondering what the wonderful curative properties contained in this water are and what we claim for them.

If you will send for our free booklet, which gives the analysis of Kentucky Carlsbad Water, and submit same to your physician, he will tell you that by using the water in liberal quantities it will correct Uric Acid (the cause of most Rheumatism), Albumen (the symptoms of Diabetes), and will give quick relief in cases of Stomach Trouble.

We have here at Dry Ridge a thoroughly modern Sanatorium and Hotel, where patients receive prompt and permanent relief from all the above troubles.

Our rates are low and we would like to correspond with you in reference to your particular trouble. Write for booklet.

# "See How That Corn Comes Clear Off!"

"GETS-IT" Loosens Your Corns Right Off, It's the Modern Corn Wonder - Never Fails.

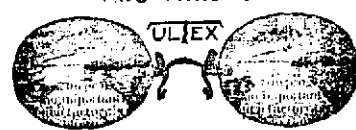

"It's hard to believe anything could be like that in getting a corn off. When I first tried it, I said, 'GETS-IT' is a wonder! Yes, 'GETS-IT' is the most wonderful corn-cure ever known because you don't have to fool and tatter around with your corns, harness them up with bandages or try to dig them out. 'GETS-IT' is a liquid. You put on a few drops in a few seconds. It dries. It's painless. Put your stocking on right over it. Put on your regular shoes. You won't find, or have a corn 'twist' in your foot. The corn, callus or wart, will loosen from your toe—off it comes. Glory hallelujah! 'GETS-IT' is the biggest selling corn remedy in the world. When you try it, you know why. 'GETS-IT' is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price to E. J. Lawrence & Co., Chicago, Ill. Sold in Rushville and recommended as the world's best corn remedy by Hargrove & Mullin.

### Public Pays Freight

"We have cringed and crawled, we have humiliated ourselves, de-livered our government, discredited union labor and accomplished nothing."

With these words Senator Borah expressed the opinion, shared but not voiced by a large number of his more cautious colleagues, he entertains regarding the railway wage bill which President Wilson has just forced Congress to pass. That this bill will prove only the beginning and that no man can force where the end will be is the opinion of many members of Congress. By a curious coincidence, three big New York dailies announced the passage of the railway wage bill with strikingly similar headlines. The World (Democratic) said, "Public Must Pay for 8-hour Law," the Times (Democratic) said, "Public Must Pay for 8-hour Law," the Tribune (Independent-Republican) said, "Public Must Pay for 8-hour Law." Freight rates will be increased, but probably not until after the election. Then every shipper of wheat, corn, live stock, etc., and every buyer of machinery will learn "who pays the freight."

From an unexpected quarter comes a severe arraignment of the president's part in forcing congress to increase by federal statute the pay of the railway employees. The president of the Texas Farmers' Union has issued a statement declaring that, "The people of this nation have, during the past week, passed through the most humiliating experience this nation has ever endured. A few labor union leaders have stood at the portals of Congress demanding that the Government give them a ransom or they would wreck society. This nation, instead of meeting the situation bravely, has delivered the goods in fear and trembling." The statement goes on to point out that when, two years ago, cotton was selling at 6-cents a pound as a result of the European war, and "poverty stalked through the Southland" it was declared that Congress could not help. "The organized plowmen pleaded with Congress for relief," continues the statement, "but we were told that it would not be constitutional for the Government to

## FLEETING PROSPERITY IS FOOL'S PARADISE

Don't Let Smoke From Munition Factories Cloud Your Brain With Belief It's Abiding.

### PROTECTION OUR BULWARK.

Forget Not the Dire Conditions Which Depressed This Country Under the Democratic Free Trade Tariff Prior to the War—They Will Return to Plague and Hunger Unless the Republicans Are Restored to Power.

"When we contemplate industrial and commercial conditions," says Mr. Hughes, "we see that we are living in a fool's paradise." This is the condition to which the administration and its supporters have deliberately closed their eyes. When the war cloud broke over Europe this country was experiencing the most serious depression it had known since 1893, when the Democratic party and its policies were in full control of the United States.

Suddenly there came from over the sea a demand for munitions of war, clothing, food, supplies, everything needed by vast armies and by countries whose sons were taken from the field and the workshop, never to return.

As a result our exports and the balance of trade in our favor have reached figures far surpassing any ever before known. Temporarily, especially in the east, there is no lack of work at high wages, for Europe must pay whatever price America asks. No thoughtful person would imagine that this condition is anything like real prosperity. How false it is we in Oregon, who have the clearer vision, because not clouded by the smoke from munitions factories, have fully felt and fully appreciated.

What the Republican candidate for president says about it the Democrats know to be true:

"Our opponents promised to reduce the cost of living. This they have failed to do, but did reduce the opportunities of making a living. Let us not forget the conditions that existed in this country under the new tariff prior to the war. Production had decreased; business was languishing; new enterprises were not undertaken; instead of expansion there was curtailment, and our streets were filled with the unemployed."

The suspension of these conditions is not nation wide, only sectional, and depends upon the duration of the war. Those who think otherwise are indeed living in a fool's paradise.—Portland (Ore.) Telegram.

undertake to fix the price of cotton or to advance money on cotton in storage and that Congress was a slow moving body and could not meet emergencies." The opinion of the man in the street seems to be that while President Wilson has made a strenuous effort to gain the labor vote and may in some measure have been successful, he has lost far more than he will gain and that especially has he lost the farmer vote, for when all is said and done it is still true that "It is the farmer who pays the freight."

This conflict between the railroads and their employees has served at least one good purpose. It has convinced the ultimate goats (the public at large) that laws must be enacted to prevent a recurrence of conflicts in the future which have the possibility of a paralysis of the commercial interests of the country. Those laws should be so drastic in their nature as to force a course of moderation on both sides to the controversy. The people have rights, as well as the rail-

roads and their employees.

Just keep right on breezing through life without a thought of the welfare of others and in the end you will die without knowing that you have even lived.

About the only thing that is not open to criticism is that which you do yourself.

The fellow who pulls other people's chestnuts out of the fire seldom has any of his own to pull.

Among the mysteries of the world yet to be solved is the distance covered by the normal jump of a healthy flea. Go to it!

### POLITICAL JOTTINGS.

At that, however, from beginning to end this has been more of a "you kick me and I'll kiss you" administration.

Vance McCormick says the Progressives are stampeding to Wilson, and it's a ten to one bet he wishes he could believe it.

The Democrats are finding out that pork comes home to roost out their standing.

The men and women who prefer a man who does things to a man who writes notes about them will vote for Hughes. Government by correspondence takes too long to get anywhere, but government by deeds is always on the job.

Those who are concerned to know what Mr. Hughes would have done had he been in Mr. Wilson's place may rest assured he would not have done as Mr. Wilson has. And that is answer enough.

Mr. Hughes is not only going direct to the public, but the public is going direct to him. A genuine American fifty-fifty!

President Wilson's alarm clock is ringing at 5 o'clock these mornings. He can reach out of bed and turn it off the morning of March 5.

Postmaster General Burleson is too foxy a politician to adopt for his department the McAdoo rule forbidding treasury department employees participating in politics. Mr. Burleson realizes that postmasters are entitled to some exercise for the money.

There are no strings or mental reservations to the public pledges of administrative reform given by Charles E. Hughes. His record as governor of New York guarantees the fulfillment of every promise.

Democrats are now convinced that Charles Evans Hughes is a warm proposition.

It is gratifying, indeed, to find that Mr. Wilson still stands on the suffrage question where he stood at the beginning of his administration. He has changed on about everything else.—Philadelphia Evening Ledger.

Mr. Hughes says there should be firm dealing in Mexican affairs. Maybe so, but we have had enough of the firm of Wilson, Carranza & Co.

According to the week's latest work of fiction, the Democratic campaign book, the wage earners of the country received during the Wilson administration \$3,000,000,000 more than they received under Taft. And all it cost them to keep something in the dinner pail was \$8,000,000,000 more.

Some funny paragraphers never see anything funny in their own jokes. But, then, neither do we.

Sensational news is becoming so common it is rapidly ceasing to be sensational.

### EDITORIAL COMMENT.

The fact that the Democratic campaign managers have booked Secretary Daniels for a speech in Maine seems to indicate that they have abandoned all hope of carrying the state and simply don't care what happens to the ticket in the September election.

Senator J. Ham Lewis, a spokesman for the administration, in attempting to apologize for the president's mollycoddle expression that we are "too proud to fight," explains that it is an old Latin quotation. But the people already know that it is out of date and the expression of a decadent nation.

"We don't want to maintain a political almshouse," remarked Mr. Hughes to the North Dakota farmers, and a nation applauds him. Americans are beginning to see a possibility in the near future of regaining their self respect.

This administration seems to have sold everything it could, from the nation's honor down to the smallest rural postmastership.

Secretary Daniels says this is no time for politics. And it's no time for Secretary Daniels either.

Senator Lewis, defending the president on his "too proud to fight" expression intimates that it was due solely to the ignorance of his audience that the popular interpretation that has been put upon it was evolved, and that anyway it didn't mean what it appeared to mean. The latter statement can be taken with some degree of confidence, as it is quite a well known fact that most of the things the president says do not mean what they are supposed to mean.

Secretary Redfield has presented another of those living illustrations of the old adage that "fools rush in where angels fear to tread," with one important modification. The difference in the Secretary's case is that he walked right in and turned around and was kicked right out again.

The Democratic contingent in the Senate is all worked up over the fact that the terms of the treaty for the purchase of the Danish West Indies "leaked out." "Pitiless publicity," you understand, has been consigned to the scrap heap with a large assortment of various other Democratic policies and promises.

Housewives in need of pork reeplashes should address the Wilson administration.

Mr. Wilson has made no reply to the charges of Mr. Hughes. Is he still too proud to fight?

By the way his opponents are abusing him, it is evident that Mr. Hughes has touched them on the raw.

No apology which the Wilson administration can make for its futile and irritating Mexican policy will satisfy the American people. It has lacked conspicuously the two characteristics which Hughes promises—a friendly spirit and a firm hand.

Pitiless publicity, says Mr. Hughes; have a heart, say the Democrats.

Of Mr. Wilson it may be said he meant well, but he now finds himself buried under the evidence of inefficiency that Mr. Hughes has brought forth.

### THE INCONSIDERATE BEHAVIOR OF A CANDIDATE

Why does Mr. Hughes insist upon talking about that old fashioned, not to say "iniquitous" doctrine, the protective tariff? For nearly the whole period of its industrial existence the United States struggled along under protection. The Democratic party in 1913 came to the relief of an afflicted and burdened people.

The Republican Administration (not on account of the tariff, it is true) was overthrown. Before taking over the reins of government, and for many years prior to that time, countless Democratic statesmen had vainly tried to persuade the American people that the protective tariff was an iniquity, a veritable contrivance of devils. It fostered the trusts; and it was an elevator of prices even to the thirty-seventh story and the tower. They promised relief. The poor should be no longer oppressed; the cost of living should be reduced—must be, as the sure result of a tariff for revenue—protective only in spots, such as the Louisiana sugar mills and the Carolina cotton factories.

Doesn't Mr. Hughes know what the Administration did which he is now attacking? He ought to know. The Democrats, under the leadership of Mr. Wilson and Mr. Underwood, repealed that iniquity and abomination, the Payne-Aldrich tariff law—that foster mother of trusts and high prices—and enacted in its place the present law. Mr. Hughes knows, of course, as every head of a family in America knows, that the trusts have not yet been dissolved and that the cost of living is higher than ever—that the price of everything has reached an unheard of height—but what of it?

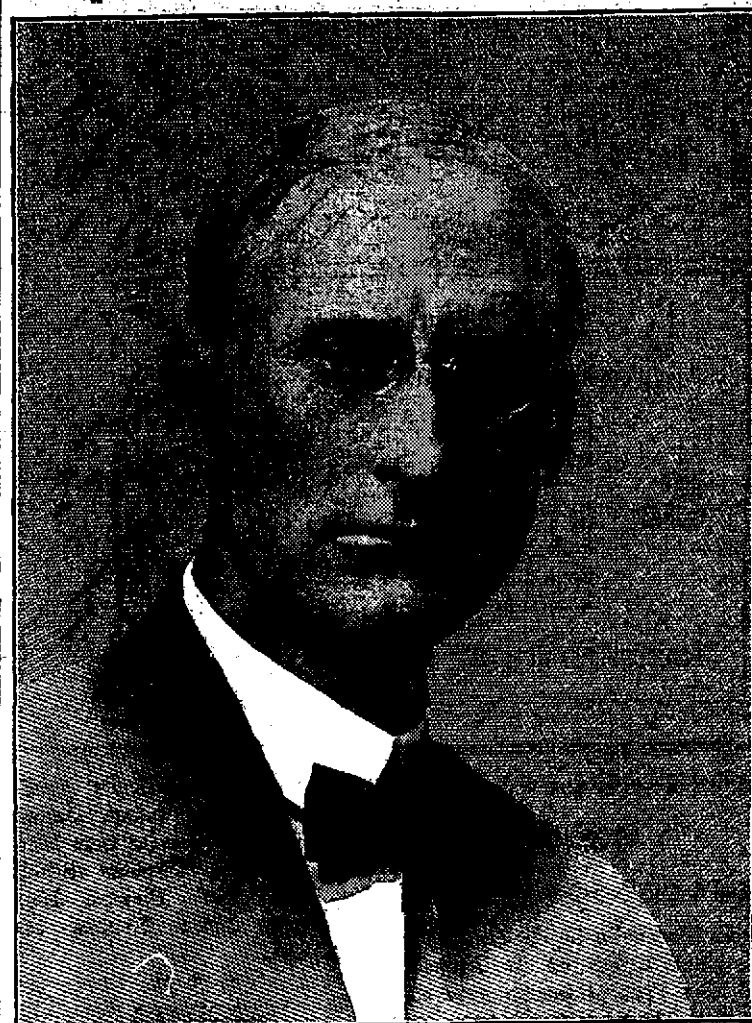

What of it, indeed? While it is true that a protective tariff never failed under any circumstances to protect American industry and American labor, it is to be considered that the war in Europe has upset the plans of the present low tariff administration.

Now, the obvious thing for Mr. Hughes to do is to give the Democrats a chance to get their tariff on straight. Never mind the patient; let the doctor experiment. That time won't come, of course, until the war is over—according to the Democratic version. In other words, the tariff for revenue doctrine doesn't fit the conditions; the conditions must be made to fit the tariff. So why this disturbance, Mr. Hughes?

Besides, when you discuss a little thing like the tariff, do you not know that Son-in-Law McAdoo and the other statesmen of the Democratic family are likely to repeat their accusation that you are "pettifoggery"?—Charleston (W. Va.) Mail.

## DENTISTS PLAN TO ADVERTISE

Modern Ethical Dental Association  
Considering Method of Educating the Public

MAY USE THE NEWSPAPERS

Dr. Reiss of Terre Haute Believes he Has a Solution and Practical Plan

(By United Press.)  
Indianapolis, Ind., Sept. 7.—That a public 80 per cent dentally inefficient demands great educational activity on the part of the dental profession was the dominant thought of the session of the Modern Ethical Dental Association in session at the Hotel Severin here today.

The Modern Ethical Dental Association of Indiana which was recently organized includes the advertising dentists of the state. Several non-advertising dentists attended today's meeting, to discover what plans the association has in mind for educating the public to the need of dental work.

"For years the dental association of the country have recognized the fact that no more than one in five people who need dental work was having it done," said one speaker at today's session. "It has been recognized that the only way to correct this situation is by an educational campaign conducted in paid space in the newspapers."

Dr. Edward Reiss of Terre Haute, president of the association, believes he has a practical plan for conducting such a publicity campaign. Addresses were given on the publicity plan at today's session by Carl Hunt, editor of Associated Advertising, and David Porterfield secretary of the Better Business Bureau of Indianapolis.

Local Option Election in Bloomington is Claimed by Wets and Drys—Hot Campaign

"DRYS" MAY MISS STUDENTS

(By United Press.)  
Bloomington, Ind., Sept. 7.—One of the hottest local option elections held in Indiana this year was on here today. The city of Bloomington was voting on the question of keeping the city dry. The attention of the entire state was directed upon the election as the city is the seat of Indiana University. The Dry remonstrances which it is believed will keep saloons out of the first ward regardless of today's election was headed by President William L. Bryan of Indiana University.

The wets claim to have the advantage over the drys in that the University has not yet opened and the student vote in past elections has been a great source of strength to the anti saloon men. Many students who claim this city as their voting place were back to vote today. Bloomington has been dry for the past four years.

### OBITUARY

Robert Wilson, infant son of Clessie and Ethel Tribbey was born May 15th, 1916, and died August 31, 1916, after an illness of only a few hours.

Although he was spared for only the short time of three months and 16 days, his death has left a vacancy in the home that nothing can fill.

This is the first time the Angel of Death has entered this home to break up the family circle and besides the Father and Mother, one brother and two little sisters are left to mourn the loss of Baby Brother, while a host of relatives and friends sympathize with the family in their sad bereavement.

The little life so suddenly taken is another line, drawing those left behind to the Heavenly Home, so we will say with the Poet:

"O, not in cruelty, not in wrath,  
The Reaper came that day;  
'Twas an Angel visited the green earth  
And took the flowers away."  
15111.

## TAGGART FEARS A "FLAREBACK"

could be "put across" without any difficulty.

Just what part Mr. Taggart took in the matter may never be learned, but it is known that the lobby committee will not make any report on the eve of election. There is substantial ground for the belief that Senator Taggart saw great possibilities of a flareback in any such eleventh-hour attempt to put a stain on his senatorial rival.
